920mm: 17 lbs / 7.71kgs

Graphic

Refer to related graphic template for more information.

WARNING: Always attach graphic to base and top rail before removing the locking pin. After fitting, the graphic should be left for 24 hours before use to ensure the adhesive bonds sufficiently. Opening the base will invalidate the product warranty.

Graphic tension may be re-applied or added see visual instructions.

additional information:

14oz. anti-curl vinyl, premium 100% opaque fabric, 11 mil melinex

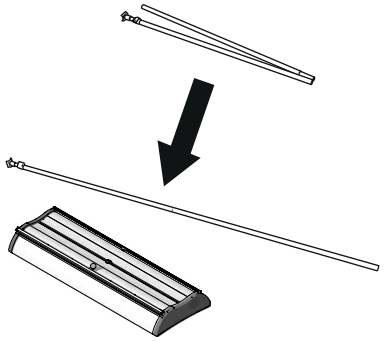
Stand-off rectangle counter top is available in black thermoform.

Stand-off literature rack is available (L112-2 only)

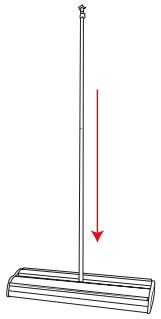
Lumina 2 banner lighting option

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications.

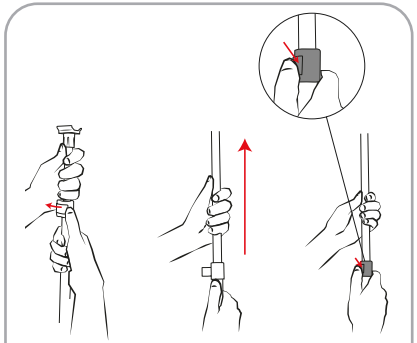
Set-up



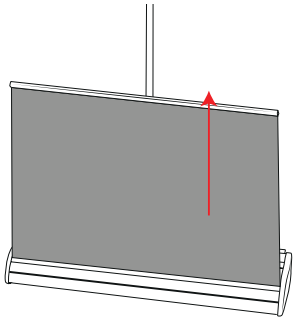
Assemble hybrid pole. 1



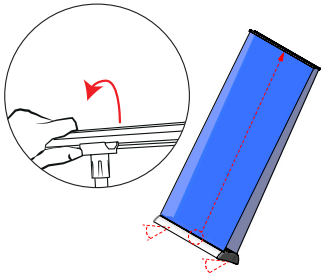
Secure pole in the base of stand. 2



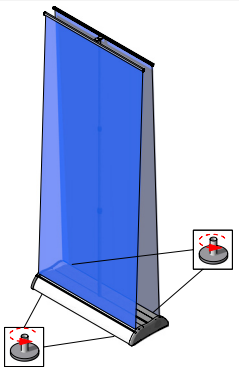
Raise pole by opening latch. Secure at desired height. 3



Gently raise graphic. 4

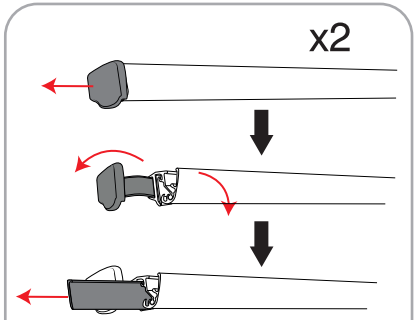


Gently lean the unit back and pull the graphic up by the toprail. Place rail on pole top. Repeat for 2nd graphic. 5

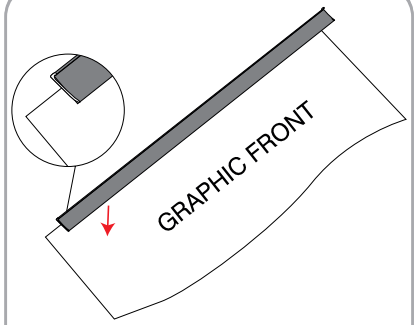


Leveling feet located under unit. 6

Graphic to top rail attachment

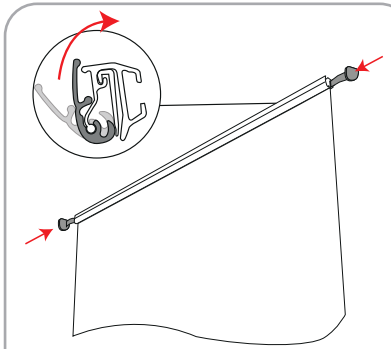


Pull out plastic end caps, unsnap top rail and remove slider from rail. 1

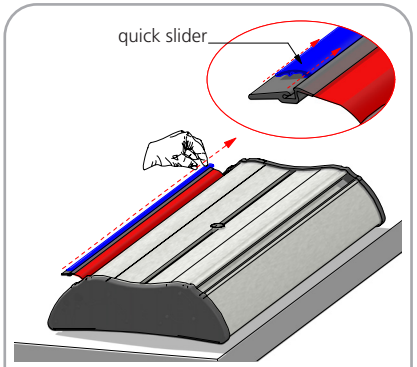


Attach graphic to top rail slider and insert top rail slider back into the rail. 2

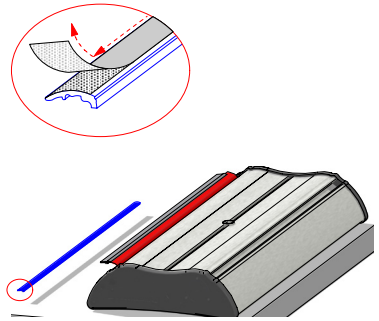
Quick slide base attachment



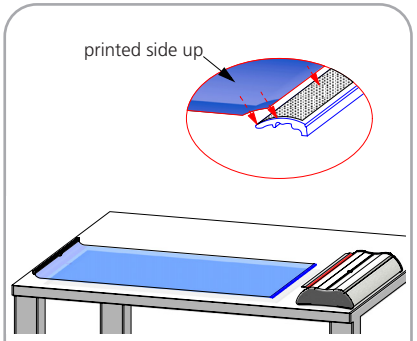
Snap close top rail and insert the end caps. 3



Slide the quick slider off the leader. 1

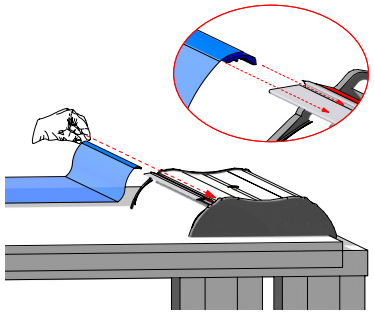


Peel film to expose adhesive tape on quick slider. 2

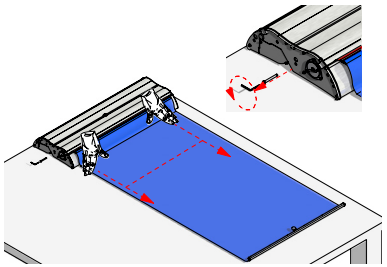


Align and apply to back of graphic. 3

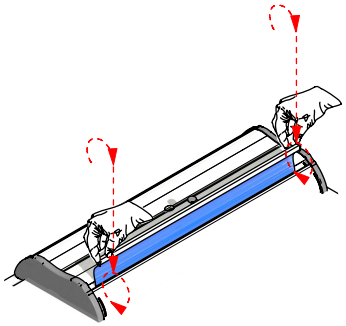
Tensioning graphic



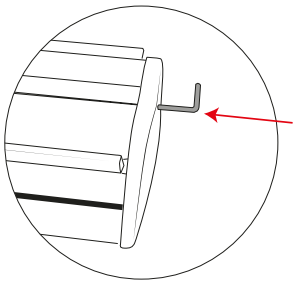
Insert slider with graphic applied into quick slider, then center. 4



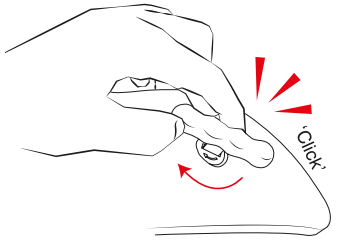
Remove pin while holding onto the graphic so the graphic does not retract in quickly. 5



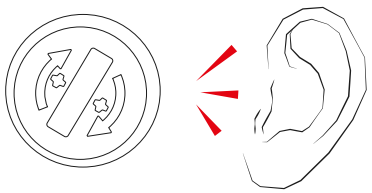
Slowly retract the graphic back into the base. 6



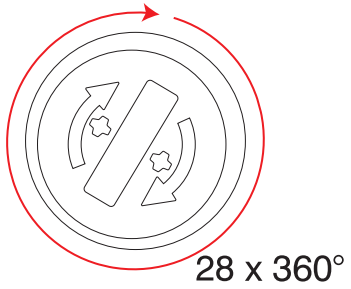
Insert pin. 1



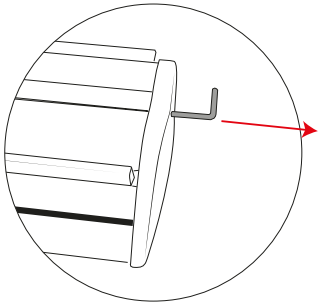
Insert tensioning tool and turn counter-clockwise. 2



'Clicks' x 6 = 360° = 1 full turn. 3



Fully tensioned from slack. 4



Remove pin. 5
