# **Labeling Diagram**

# **Kit Assembly**

### Step by Step

#### Step 1.

Gather the components neccessary for assembling frame A and lay them flat on the floor. Assemble in the order the "Labeling Diagram" instructs. Lock your connectors into place using the provided allen key set.

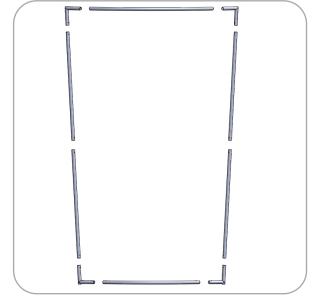

#### Step 2.

Gather the components neccessary for assembling frame B and lay them flat on the floor. Assemble in the order the "Labeling Diagram" instructs. Lock your connectors into place using the provided allen key set.

#### Step 3.

Gather the components neccessary for assembling frame C and lay them flat on the floor. Assemble in the order the "Labeling Diagram" instructs. Lock your connectors into place using the provided allen key set.

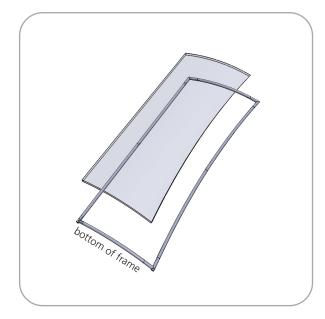

### Step 4.

With frame A laying flat on the floor, locate your pillowcase A graphic. With the pillowcase unzipped, encase frame A by covering the frame from top to bottom.

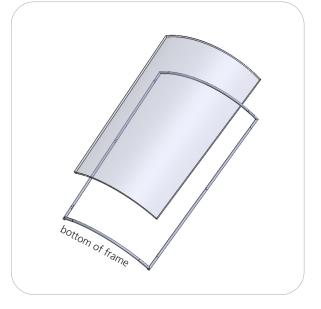

# **Kit Assembly**

#### Step by Step

### Step 5.

With frame B laying flat on the floor, locate your pillowcase B graphic. With the pillowcase unzipped, encase frame B by covering the frame from top to bottom

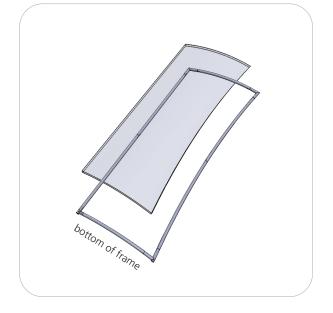

### Step 6.

With frame C laying flat on the floor, locate your pillowcase C graphic. With the pillowcase unzipped, encase frame C by covering the frame from top to bottom.

#### Step 7.

Gather both LN114-S2-450 assemblies, and 2 LN114 screws. Attach the foot to the curved side of Frame A and Frame C, in order as seen in the image to the right.

### Step 8.

Gather both Stabilizing Foot B-1 assemblies, and 2 LN114 screws. Start by setting the hub on the foot into the ES30-90B. Next screw the foot and M10 spacer into frame B in the order shown on the right. Tighten the screw on the ES30-90B to lock in place.
