

Signholders (Mightee Mounts™)

Applicable Products:

MM Series

1. (If using graphic with holes) Sandwich graphic in between Mightee Mounts (A-1) and screw together with wingnuts and carriage bolts (fig. A-2).
2. (If using graphic without holes) Screw Mightee Mounts (B-1) together with wingnuts and carriage bolts and rest graphic on top of screws (fig. B-2).
3. For MM12 Only: Plug screw hole (fig. C)

NOTE: MM12 model uses screws instead of wingnuts/bolts, but assembly remains the same.

For Graphic Sizing (slots measured from center to center):
